2. 자동 설정하는 방법

13. 다운로드한 config 파일 열기

(파일이 자동으로 다운로드가 안 된다면 페이지 중간 부분의 link를 클릭해서 다운로드한 후 config 파일을 열기 합니다.)

The screenshot shows the eduroam Configuration Assistant Tool interface. At the top, there is a logo for eduroam and a hamburger menu icon. Below the logo, it says "Configuration Assistant Tool". The main content area is titled "전남대학교" (Chonnam National University) and includes a "select another" link. A section titled "If you encounter problems, then you can obtain direct assistance from your organisation at:" provides contact information: WWW: <https://www.eduroam.kr>, email: help@jnu.ac.kr, and tel: +82-62-530-3697. A "Welcome aboard the eduroam® user community!" section follows, with a note that the download will start shortly and a direct link is provided for assistance. A "Dear user from 전남대학교," message warmly welcomes the user and explains that they can now use internet access resources on thousands of universities, research centres, and other places all over the globe, completely free of charge. It then instructs the user to find an eduroam® hotspot in their vicinity and enter their user credentials (username and password or personal certificate) to be online. At the bottom, a notification bar shows a checkmark and the text: "파일(eduroam-android_q-ChonnamUniversity.eap-config (1))이 다운로드되었습니다. 열기" (File(eduroam-android_q-ChonnamUniversity.eap-config (1)) has been downloaded. Open).

14. Install 클릭

The screenshot shows the "Install Configuration File" screen. The title is "Configuration File Summary". The provider name is "전남대학교" (Chonnam National University) and the description is "Professors,Students". The authentication method is "Authentication Method #1". The EAP Method Type is "25/PEAP", the Inner EAP Method Type is "26/MSCHAPv2", and the authentication servers are "jnurad1.jnu.ac.kr", "radius-1.jnu.ac.kr", and "radius-2.jnu.ac.kr". The CA Certificate CN is "CN=JNU ROOT CA". The support information includes the email address "help@jnu.ac.kr", phone number "+82-62-530-3697", and the web address "https://www.eduroam.kr". The terms of use state that the program is for internet access at Chonnam National University and that users agree to the terms of use. The user is prompted to click "Install" to proceed.

15. Yes 클릭

The screenshot shows the "Install Profile" confirmation dialog. The title is "Configuration File Summary". The provider name is "전남대학교" (Chonnam National University) and the description is "Professors,Students". The authentication method is "Authentication Method #1". The dialog asks "Are you sure you want to install profile? By doing so, you agree to the following Terms of Use:". The terms of use are: [Ownership] This program is the property of Chonnam National University, and "eduroam" WiFi hotspot connection is for use only. [Usage] 1. After the procedure, enter the required information. 2. If necessary, the user's password will be changed. 3. Enter the ID (login format, ID@jnu.ac.kr) and password. The user is prompted to click "Yes" to proceed.

2. 자동 설정하는 방법

16. Username: [전남대 포털 ID]@jnu.ac.kr
Password: 포털 비밀번호 입력 후 Install 클릭
